NUMBER 3

## Victory Loan Passes Half Way Mark

The following wire was received at noon Thursday from Ottawa:

"Cumulative loan total now \$564,106,500. Wednesday's subscriptions were \$60,170,400. Same day third loan total was \$46,674,400 and Cumulative total \$458,258,300. Present loan therefore exceeds last loan at comparable period by \$105,843,200."

Raymond district has reached its half way mark, with excellent prospects of reaching the \$107,000 allotment before the loan closes.

## Red Cross Drive Nearly Doubles Quota

Raymond's recent Red Cross Drive, on which final figures are available now, totalled \$2,616.72, and another \$100.00 which went to Lethbridge should have been credited to Raymond. This was on an allotment of \$1,500, which means that it was nearly doubled.

Lee Brewerton, local agent, especially mentioned the fine work of the Stirling group, who sent in \$345.00 to Raymond besides the \$100 that went to Lethbridge. The Stirling Work group, who work through the local Red Cross rooms are also doing especially fine work and are deserving of highest praise. Lee also wishes to thank the members of the Rotary and Lions Clubs and J. D. Hall for their personal efforts.

It is possible that some people in town were not canvassed, and if so, and these people wish to add their contribution to the Fund such donations can still be turned in to Lee any time.

### NEWS NOTES

Gordon Brewerton, Cardston was a Raymond visitor Tuesday of this week.

Merrill Nelson is improving steadily following a recent operation in the Lethbridge Hospital. He is still unable to work.

Allan Heggie who was ill for so long is around again but still looks very thin.

Eldon Garner, who is with an armored regiment at Camp Borden was home for a short leave over the week-end returning on Monday afternoon. He expects that his unit will be proceeding overseas within the next few months.

## TO CITIZENS OF RAYMOND AND DISTRICT

Dear Friends,

Russia's needs in warm clothing for her war victims are still great. Knowing this Canadian People continue to contribute clothing of various kinds for shipments to Russia.

In this connection we should like to appeal to you again for contributions. Before storing away your clothing this spring, see if you have something to spare with the needy Russians, who themselves have contributed so much to the allied cause in this war. Trusting in your co-operation we have reopened the clothing Depot to receive your offerings at Horvath's shoe shop in King's Motor Block.

Sincerely Yours,  
Raymond Branch Canadian Aid to Russia Fund.

### NEWS NOTES

Board of Trade meeting, at the Town Hall, Monday, May 10th, 8:15 p.m. BE THERE

Mark Heninger, of the RCAF who is in training at Calgary is home on leave at present.

J. H. Walker, was confined to the house the first of the week with a minor illness.

At noon Thursday we had a storm of rain, hail and snow for about ten minutes or so, after which the skies cleared and the air warmed up nicely.

Jos McLean came home from the Hospital last Wednesday following his operation and is progressing nicely. It will be three weeks at least before he will be able to return to work.

## BOB WOOD AT INDEPENDENCE

Independence, Kans., May 4—Aviation Cadet Robert T. Wood, son of Mr. and Mrs. Thomas George Wood, Raymond, Alberta, Canada, was among the class of cadets who arrived at the Independence Army Air Field recently for the third or basic stage of the aviation cadet flying training program.

A member of the cadet class scheduled to graduate in a few months with wings and appointments as flying officers, he has successfully completed both the pre-flight and primary phases of the aviation cadet flight training program.

Here at the Army Air Forces request basic flying school cadets will fly the 4-horsepower North American Basic Trainer, quite a set up from the lighter and slower aircraft they flew while at primary training schools.

Instruction too becomes more complex with cross country, formation, instrument and aite flying added to a curriculum that already includes landings, take offs, turns, stalls, spins, acrobatics and other standard military flight maneuvers.

After nine weeks here, he will move on to an advanced training school. His record here will determine which of the two final stages of instruction—single engine advanced for fighter pilots, or twin-engine advanced for bomber pilots—he is best adapted for.

### NEWS NOTES

T. Geo Wood has been in Edmonton this week on business.

The high wind this week took part of the rubberoid off the storage bins at the Sugar Factory.

"The Neighborhood Club" met at the home of Mr. and Mrs. R. T. Graham last Friday evening for their regular meeting. A delicious supper was served and enjoyed by all and the evening was spent in games and singing. 30 members were present.

Miss Adrienne Garner who is stationed with the CWAC at Currie Barracks, Calgary, was home over Sunday.

A little excitement was caused Monday morning when a Mennonite team bolted on Broad street, broke off a hind wheel, took the front wheels and axle from under the rig in front of Dr. Madill's house and then ran down the street and into the Stampede grounds, coming to a stop at the second gate, pretty well winded from their run. The only damage was to the light wagon they were hitched too.

## HUTTERITE COLONIES BACK VICTORY LOAN

Hutterite colonies of Southern Alberta have already purchased more Victory Bonds of the Fourth Loan than they did in any previous loan, and several colonies are still to be heard from at district headquarters here. All purchases are of Dominion of Canada Series B non interest bearing bonds, the money from which is used to finance expenditures for the alleviation of distress and human suffering due to the war. Subscriptions so far received are:

Magrath	\$ 8,000
New Rockport, N. Dayton	8,000
Miami Colony, N. Dayton	10,000
Hutterville, Magrath	3,000
Old Elm, Magrath	5,000
Sunnyside, Warner	1,500
New Elmspring, Magrath	3,000
O. K. Colony, Raymond	8,000
Milford, Raymond	10,000
Wolf Creek Stirling	4,000

Total to date ..... \$60,500

In addition to these colonies subscriptions are expected from Wilson Siding and Folger colonies, Lethbridge, E. Raley and West Raley at Raley, East Cardston at Cardston, Standoff and Riverside at Standoff, Granum at Granum, Lakeside at Cranforth and New York at Mayburt.

Since the war began the colonies have bought \$45,000 of the first loan, \$5,000 of the second, \$57,300 in the third, and with the present loan they now hold some \$167,000 of non-interest bearing bonds, none of which have been cashed — Lethbridge Herald.

The 2nd Ward M. J. A. held its fireside hour at the A. W. Jones home Sunday night. The speakers were Sturat Robinson, Harlan Taylor, Steele Brewerton and Byron Anderson, and the guest speaker was Eldon Garner who told some of his experiences in the armored tank regiment to which he belongs. Refreshments were served and a sing song completed a most enjoyable evening.

## For Your Son And Mine

One of these nights soon, when darkness cloaks the enemy shores, your son and mine will be peering into the gloom, waiting nervously for the whispered signal to attack.

Our sailors will be there, manning the invasion fleet, ready for the screeching, diving enemy bombers. Our fighter pilots will be dressed for battle, ready for the grimmest test of air strength the war has yet developed.

Our boys who, not so long ago, sang in Sunday school, poked nickels into juke boxes, sat on the store steps on Saturday nights, fixed the broken board in the cottage door, and walked arm in arm with this girl from a movie, are face to face now with death.

While their hearts and minds and bodies are steel to the job of wiping out the cruel foe does anyone believe for a moment that in that hour of waiting they will not be thinking about the scenes of yesterday?

Fully aware of the danger they face, that this great adventure may bring them to the end of the road and a soldier's grave, their thoughts will inevitably turn back for a moment or two to you and to me. They will have brief misgivings, little fears tugging at their heart-strings, a sudden mental question mark as they wonder what we are doing in Canada at that moment and whether we are thinking about them.

Oh that we could miraculously appear beside them at that moment, grip their hands and say: "Good luck, my boy!" If there were only some way, we say, to make them feel that we are standing behind them in spirit at least!

And yet we have just such an opportunity now. Let's not overlook this certainty, that if each of us buys all the Victory Bonds he can during the next three weeks, if we push up a love that billion and one object, the news of it will be a heartening message to your boy and mine. They will know our hearts are in the right place, that the money we put up assures them all the reserves they are going to need.

Let's make the Fourth Victory Loan a rousing cheer for our boys overseas, a message of encouragement to them at the hour of attack.

The local Cheese Factory set a new high on Monday this week when 4,700 lbs. of milk were taken in that morning.

MRS. MERTON SAYS:

### MOTHER'S DAY

On Sunday next we celebrate "Mother's Day." On that day we do honor to the best friend anyone of us ever had. When we look back over our lives, regardless of who we are, regardless of the mistakes we have made, regardless of the disappointments that have come to us, the one bright star shining out amongst all the others is Mother. She never doubted our ability. She always had faith in us. When the world turned on us and was cruel and unkind, we always had a friend in Mother.

She gave us more than any

one else ever could and we gave her less in return. She never complained of our treatment of her. From babyhood, through out all the years she was ever watching over us, doing for us, serving us, yes, spoiling us with things we little deserved, and getting joy out of it all.

Without a thought for herself, unselfishly, willingly and with sacrifice throughout the years, she serves that we might have joy and happiness. By deed, more than by word, she teaches lessons that we unconsciously imbibed, and they form the fibre of our lives, and in later years, we appreciate to some extent the debt we owe our mothers.

For we whose mothers still live let us not forget a remembrance in a gift and word of thanks for all she has done for us; and for those whose mother has gone, let us pause in humble reverence to her memory and pray that we might be worthy of her company and friendship in that other world as we were able to enjoy it here.

God bless our mothers, and bless us that our appreciation and gratitude to them for all of

### MUSIC CLUB MEETS

The Music Club held its regular meeting on May 3rd at the home of Mrs. A. W. Jones with Mrs. W. A. Anderson assisting.

Mrs. J. Leroy Anderson was in charge of the program, which opened with the singing of "O Canada," followed by a book review by Miss Edythe Merrill "The Amateur Choir Director."

A piano duett was rendered by Mesdames Maybelle Anderson and Emma Dahl, followed by a vocal solo by Mrs. Marie Matkin. The group then practiced beating time under the direction of Mrs. J. Leroy Anderson.

The next meeting will be at the home of Ina Jones.

Mr and Mrs. Mervin Thompson, of Magrath were Sunday visitors at the home of Mrs. Thompson's mother, Mrs. G. H. Romeril.

their gifts to us, life included, may never diminish nor grow dim.

## More Money From Your Eggs

Mr. Egg Producer:

Far too often, especially at this time of the year, eggs reach the station in a far from ideal condition. The quality of

them is of as much importance to the producer as the buyer, as eggs are purchased on a grade basis, taking quality as well as size into consideration.

The poultrymen can do much to improve the eggs by keeping his flocks in clean well cared for houses and by employing sanitary methods of feeding. Also very prompt and proper care of eggs from the time they are laid till they reach the market is a very important feature.

If the producer will carefully consider the following factors concerning egg quality it will repay him many times over.

#### 1. Management

Layers at all times must be confined to the laying house. Flocks allowed free range produce off-colored yolks and poor flavoured eggs.

#### THESE EGGS MUST BE GRADED B.

Where you insist your layers must have sun, set them free about two o'clock p.m. but not until they have been well fed and finished laying for the day. In this way they will not range so far and will still get plenty of sun and they will not pick up the sort of food they would if turned out early in the morning while very hungry. However it has been proven that it is better not to allow your flock free range other than a small run. Provide clean well littered floors for them and see that the floor is dry at all times.

#### Most Important

Remove all male birds promptly after breeding season. Eggs are graded B's and C's for germination spots.

#### 2. Feeding

Feed according to Government Formula. Laying mash should contain 1 p.c. Standardized Fish Oil at all times.

Where laying mash contains 5 p.c. Alfalfa Leaf do not feed other green-feed. It is much better not to give them green feed at all.

Feed laying mash, Oyster Shell, grit and an abundance of cool clean water. Never let feed or water become stale. Water should be changed three times daily.

#### CARE OF EGGS

Gather eggs at least three times daily using clean pails or baskets and place at once in clean cool room or cellar. Egg room should be moist but never damp or mouldy. Never keep fruits or vegetables in egg room as eggs take on these flavours.

All containers such as flats, fillers, trays and crates should be clean.

Eggs should never be packed in crates until they have cooled at least twelve hours.

Pack eggs with large end up always, clean badly soiled eggs with emery brush or damp cloth. Never wash eggs.

See all eggs are clean as badly soiled eggs are C's regardless of size or quality.

They should be shipped at least twice a week.

We invite you to drop into the station at any time to discuss your particular problem. This letter is issued solely in your interest; you are the one who reaps the benefits of better grades.

I feel sure that if each producer will read and follow these instructions as closely as possible they will be repaid by having a higher quality egg resulting in more money to you. I will be rewarded by having well paid and satisfied

## VICTORY BONDS

Dr. Wheeler says:

"If Canadians were asked to give money to help to win the war we would not be asked to make a big sacrifice. Some are giving their lives. We are asked to lend money. I am sure that farmers throughout Canada will be glad to lend money to their country, for like all other Canadians, they know we must do all we can to help.

"There is a practical reason for buying Victory Bonds, too. The money we lend to Canada now, to help to win the war, will be ours to use as we please after the war has been won. Ready cash will be handy to have when we will want to replace farm equipment that is wearing out now. A farmer can always find a use for savings, and there is no better way to save than by investing all we can in Victory Bonds."

## "Back the Attack!"

### WHAT A VICTORY BOND IS:

A Victory Bond is the promise of the Dominion of Canada to repay in cash the full face value of the Bond at the time stipulated, with half-yearly interest at the rate of 3% per annum until maturity. A Victory Bond is the safest investment in Canada. The entire resources of the Dominion stand behind it. Canada has been issuing bonds for 75 years, and has never failed to pay every dollar of principal and interest. A Victory Bond is an asset more readily converted into cash than any other security.

### VICTORY GARDENS

Today the farm garden or victory garden is receiving a great deal of attention and rightly so. As one writer stated when referring to the need for more gardens, "It is a war-time 'must' that our people should have full supplies of protective foods, foods which carry the essential minerals and vitamins so necessary for health."

If these essential foods are raised on the farm or vacant lot they are available at little cost to the consumer. By raising bigger and better gardens we are performing a patriotic duty are saving transportation, are merical gardens thus allowing them to supply more produce to military camps, and are decreasing our purchases of pro-

cessed food that must be made available to our fighting forces.

The garden should be looked upon as a year-round source of food products. This will bring up the question of storage and processing. Some vegetables can be kept for a long time in a good root cellar; others must be canned or dried. Drying of fruits and vegetables should receive more attention this year. It is possible to build drying cabinets that will do this work efficiently. Such a practice will ease the demand for glass jars, metal tops, and rubber rings, and in many cases will supply equally as good a product.

For the past four years a number of Agricultural Improvement Association, supervised by the Lethbridge Experimental Station, have sponsored garden competitions. The Associations have offered prizes for the best growing gardens and for the best exhibits of produce at a fall show. Members of the Lethbridge Experimental Station assisted with the judging and offered advice and suggestions to the gardeners.

The small prizes paid to the winners have added interest to the endeavour but the money paid out in prize has not been a major objective of the competitors. The satisfaction of having a good garden, the produce that the garden has supplied, and the criticisms and suggestion from the judges are the things that have made such competitions well worth while.

The successful gardeners in all of these competition have been those who have planned their work and have looked upon the garden and home surroundings as a very essential part of their farm program. The garden that has been considered merely as a necessary evil, and was cared for only after the rest of the farm work was completed, was invariably

### UNDERSTANDING THIS, WE CAN'T FAIL

One of the most engaging remarks made thus far in the Fourth Victory Loan campaign comes from the lips of George W. Spinney, Chairman of the National War Finance Committee, who said,

"The slogan of this loan is 'BACK THE ATTACK'—and every Canadian who cannot be there to fight, will want the comfort of knowing that at least his dollars are in the battle, backing the attack, playing a great and worthy part."

doomed to failure.

A.I.A. garden club competitors have proven that good gardens can be raised even in the drier parts of the province. The success and failure experienced have gone to show that we must have good summer-fallow, that snow must be trapped for spring, run-off, or some type of garden irrigation system developed. One of these practices will be applicable to every farm. Which one are you practicing?

YOUR

# "Reveille"

IS THE SUN!

And Your Machinery Must Go To Work—

ON every front oil is ammunition. And every day it is speeding the way to victory, on farm and battlefield.

So, choose it wisely and use it wisely. That means you should buy only the best. For, faulty lubrication can quickly wreck farm equipment.

To prevent your farm machinery from making the "Casualty List", insist on McColl-Frontenac farm lubricants. They are made to the highest standards and each is designed to do a particular job.

So, see the McColl-Frontenac Representative in your district about this economical and efficient "ammunition" for your farm equipment.

### TEXACO MARFAK

For Wheel-Bearings and Vital Friction Points.

This famous lubricant lasts longer and lubricates better under the toughest working conditions. It is self-sealing and keeps the working lubricant in where it is needed most, prolonging life of bearings and universal joints by keeping out rain, mud and dust.

### RED INDIAN MOTOR OIL and RED INDIAN AVIATION MOTOR OIL

Here are two great oils that will lengthen the life of any engine. They ensure full power and economy under all operating conditions. These finer oils combat acid corrosion, friction, waste and wear. They stand up under highest engine heat... they flow and lubricate the moment the engine starts.

### URSA X\*\* (CANADA)

The Perfect Motor Oil for Diesel and Heavy-Duty Gasoline Engines.

Highly resistant to the formation of gum, sludge and carbon, Ursa X\*\* (Canada) keeps rings, ring grooves, valves, screens and filters clean. Provides maximum bearing protection. Ensures full power and lower fuel consumption.

### FREE

Here's a handy, everyday reference book. It tells you how to make an economical farm workshop, how to properly hitch implements to tractor, and a hundred other ways to save time, money and labour 'round the farm. Write today for your free copy to McColl-Frontenac Oil Company Limited, Calgary.

in the Solomons was listed at  
During the same period  
the U. S. fliers lost only 15.

Waldo Tollestrup, Johnny Mc-  
Lain and Finney Terry are ex-  
pecting to leave over the week  
end for the Alaska highway  
for work. Finney is returning,  
having spent most of the win-  
ter there, but it will be a new  
experience for the other two.

### OBITUARY

It is with sorrow we announce  
the death of Cuthbert E. Cope,  
a one time resident of our town  
Mr. Cope was suddenly taken ill  
on Monday night and an emer-  
gency operation performed, but  
it was not successful and the  
end came at 3 p.m. Thursday,  
April 29th.

Cuthbert Cope was born 71  
years ago at Bombay, India, and  
during his baby days was attend-  
ed by the same nurse who took  
care of the children of Rudyard  
Kipling. During his younger  
childhood he lived in Canton,  
Hongkong and Canton, China,  
and in Yokohama, Japan and  
Singapore, S.S. He later lived  
in England, moving in 1882 to  
Iowa state and 1892 to Carberry,  
Manitoba. At the outbreak of  
the Boer war he enlisted in the  
2nd CMR, remaining in Africa  
until the end of same, and was  
wounded and held prisoner for  
a time.

In 1903 he came west and  
worked in the Grand Trunk  
shops in Edmonton. During this  
time he took up steam engineer-  
ing and in due time passed 1st  
class. He was appointed Chief  
Engineer for the City of Ed-  
monton & held this post for 17  
years. Later he was Chief at the  
Ponoka Mental Hospital 5 years,  
leaving this post he was chief  
engineer for P. Burns & Co. Cal-  
gary. After this he was Chief at  
the Canadian Sugar Factories,  
Raymond for a short time and  
then went to the Holy Cross  
Hospital as Chief Engineer and  
later was Chief Electrician as  
well. He was employed at the  
Hospital when the end came.

He is survived by his wife  
and daughter Margaret, who is  
serving in the Women's Corps  
and stationed at Trenton, Ont.  
Also one sister in Winnipeg and  
three brothers, one in Vancou-  
ver, one in Medicine Hat and  
Percy, Mayor of Raymond.

Our sympathy is extended to  
the sorrowing relatives.

Bob Heggie is getting around  
again now after his siege of  
flu. He is still unable to do any  
work but says his strength is  
coming back to him very rap-  
idly.

C. R. Wing was taken to the  
Lethbridge Hospital over the  
week-end and underwent an  
emergency operation. He is pro-  
gressing favorably and will  
soon be home again.

Lethbridge Collieries on Sat-  
urday turned in a cheque to  
Lethbridge Victory Loan  
Committee for \$100,000 which  
is twice as large as any pre-  
vious subscription of this Com-  
pany.

The sum of \$10,000 for the  
Fourth Victory Loan has been  
voted by the Serb National Fed-  
eration at its semi-annual con-  
vention, held in Pittsburgh, Pa.  
The motion was put by the  
editor of the "Voice of Canada"  
B. M. Markovitch of Toronto  
and carried unanimously. The  
Yugoslav-Canadian community  
is making preparation to open  
week-end and underwent an  
emergency operation. He is pro-  
gressing favorably and will  
soon be home again.

Captain Ralph Jessup, form-  
er editor and still owner of the  
Macleod Gazette, was killed in  
a car accident at Ladysmith, B.  
C. just south of Nanaimo, when  
their army vehicle crashed off  
a steep bank. Captain Jessup  
was in the news business for a num-  
ber of years in Southern Al-  
berta, assisting his father in  
the operation of the Nanton  
News before he purchased the  
Macleod Gazette. He enlisted  
almost as soon as war was de-  
clared and had spent some time  
in England, having been sent  
back to this country for special  
work. His wife and children  
live in Macleod, and to them  
we extend our deepest sym-  
pathy in their bereavement.
